Madam Speaker and Honorable Members, pursuant to the Budget Act, 2001, Section 6 (1), I hereby present to you the Ministerial Policy Statement (MPS) for the Ministry of Lands, Housing and Urban Development Vote 012 and the Uganda Land Commission, Vote 156 for the FY 2014/15.

Madam Speaker, during the last Financial Year my Sector was able to register some major achievements which include: gazetting and launch of the National Land Policy, which kick started the implementation of the Land Policy; gazetted the Land Fund Regulations; held a National Urban Policy conference to validate the draft policy; carried out a stakeholder consultation on the situation analysis of the Real Estate Sector in the country in preparation for the development of the National Real Estate Policy; finalised the drafting of the Landlord-Tenant Bill; commenced the drafting of the Uganda Land Commission Bill; prepared proposed principles for five (5) land related laws; developed draft Urban Solid Waste Management guidelines; carried out systematic land demarcation in Osukuru-Tororo Phosphate Mines area; opened boundaries for the land belonging to the Ministry of Defence in Kaweweta in Nakaseke and partitioned it into special free economic zone; partially equipped six (6) Ministry Zonal Offices as well as the National Land Information Centre; carried out public sensitization and awareness campaigns on the services offered by the Ministry; disseminated the Ministry's Clients' Charter and Access to Information Manual, which contains procedures for obtaining access to information held by the Ministry.

Madam Speaker, other achievements were: registered 5,112 Mailo land transactions and 1,095 Leasehold land transactions; processed and issued 239 Government leases; processed 10 Government land titles; compensated 3,774 hectares of land; held three (3) technical meetings to establish the International boundaries (RW/UG and UG/DRC); carried out 4,648 property valuations; monitored and supervised land related activities for Land Management Institutions in seventeen (17) districts; trained Physical Planning Committees from 12 Districts, Municipalities and Town Councils in optimal land use and enforcement of land use regulations; developed draft land use compliance monitoring tool; embarked on the preparation of the Albertine Graben Physical Development Plan; carried out modern urban management practice trainings in 7 Municipalities of Mbarara, Fort portal, Kabale, Gulu, Masaka, Mbale and Jinja; Completed implementation activities of Transformation of Settlements of Urban Poor in Uganda (TSUPU) in the five (5) Municipalities of Arua, Mbale, Jinja, Mbarara and Kabale;

Other sector achievements were: disseminated fifty (50) prototype house plans to 5 districts of Nebbi, Arua, Pakwach, Zombo and Yumbe; organized national celebrations in Tororo Municipality to commemorate the World Habitat Day 2013; commenced research in affordable housing best practices; organized two (2) Housing Construction Exhibitions in collaboration with Uganda Manufacturers Association and Buganda Kingdom; produced monitoring and evaluation reports; embarked on development and initiation of PPP projects in six (6) districts of Wakiso, Jinja, Mbarara, Ntungamo, Lira and Arua; initiated negotiation for development of institutional housing projects under PPP arrangement at old Kampala pool housing land; carried out Habitat III related activities such as Establishment of Habitat III National Committee, commenced the process of recruiting a National consultant to produce a national report; and carried out monitoring, evaluation and supervision and produced reports for sector related projects and programmes.

Madam Speaker, due to budget constraints, my sector's budget performance stood at 78.3% and this affected the implementation of planned activities as I have highlighted them in this Policy Statement.

Madam Speaker, my Sector intends to carry out the following key activities in this Financial Year: commence the implementation of the National Land Policy; finalise the development of the National

## Structure of the Ministerial Policy Statement

---

“Each Minister shall cause to be prepared and submitted to Parliament a Policy Statement of the relevant Ministry on the preliminary [budget] estimates .... by the 30th day of June in each year”. Budget Act 2001, Section 6 (1)

### Vote Functions

Since the FY2011/12 budget cycle, the preparation of sector BFPs, Ministerial Policy Statements and Budget Estimates centre around the notion of Vote Functions. A Vote Function is a set of programmes, projects, and Local Government Grants, defining the roles and responsibilities of a vote/institution, and contributing towards the attainment of vote and overall sector objectives.

As such, a Vote Function provides detailed information on centralised services, by capturing allocations to Central Ministries and Stand Alone Votes, and decentralised services funded via grants to Local Governments

### Structure

The Ministerial Policy Statement is structured by Vote, as follows:

- **Staff Establishment Structure**

Provides details of approved staff structure for each programme and project (including names of staff and vacant posts). This is clearly demonstrated in the form of an organogram.

- **Vote Overview**

This section sets out past performance and future plans for Central and Local Government Votes in more detail. It is structured as follows for each Vote: A Vote Overview sets out key details of the vote, including past performance, future plans and key performance issues to be addressed including costing implications.

- **Vote Annexes**

Annex Recommendations from parliament and institutional responses

	<b>Total:</b>	<b>7,576,951,791.000</b>

The above mentioned arrears were incurred because the Ministry had insufficient funds to clear the suppliers. For the Ranchers, the government took their land during the restructuring of ranches and has never fully compensated them. For rates, unless government institutions build their own office premises, domestic arrears on rates will continue to arise. The payment of rates should be decentralized and each government office should budget and pay for its rates the way office rentals are handled.

## Recommendations from Parliament for FY2013/14 and Responses by MDA

---

1. Legal Framework for the operations of the Committee on Illegal Land Evictions (CILE): The Committee recommends that before the next CILE is constituted, a legal and institutional framework should be provided to establish the committee. Furthermore, the Committee recommends that membership on CILE should be through nomination by the institutions represented thereon rather than individual appointments in order to: increase ownership; create harmony and institutionalize the work of the committee.

Response:

The Ministry sought for a legal opinion from the Solicitor General on the legal and institutional framework for CILE. The Solicitor General advised that currently there is no legal framework under which the formal establishment of CILE can be facilitated. However, she advised that CILE should remain an administrative Committee as no law can be used to establish it. The success of the Committee will depend on the degree of cooperation of other Government agencies since it cannot legally compel any action against them. In future, the membership of the Committee will be based entirely on nominations by institutions.

2. Outstanding Land Issues: The Committee recommends that the unresolved land issues should be immediately resolved through: strengthening and empowering the institutions mandated with customary and statutory land management and administration (e.g. sub-county chiefs; traditional leaders etc); operationalizing land dispute resolution and adjudication institutions; and institutionalization of all land interventions and governance structures.

Response:

With the implementation of the National Land Policy (NLP), which was approved in February 2013, most of the land issues raised will be addressed. However, the implementation of the NLP requires adequate funding.

3. Low investments in the Land Sector: The Committee realizes that government investment priorities should be re-aligned to accord the sector the importance it deserves in national development. The Committee reiterates its earlier demands that government should prioritize the sector and demonstrate commitment by making substantial investments given that all development hinges on land.

Response:

The Ministry has made a number of submissions to the Ministry of Finance, Planning and Economic Development requesting for increased funding to the sector. We are optimistic when the resource envelope for Government increases, then the sector's budget will also increase. Currently the sector's budget is about 0.03% of the national budget.

4. Operationalization of the Land Information Systems (LIS): The Committee recommends that due to the critical importance of the LIS in reforming the land sector and its likely impact on the development of the Economy, the required funding for the operationalization of the regional land offices should be provided immediately.

Response:

The Ministry requested for a supplementary budget of UGX 2.1bn to commence the operationalisation of the Ministry Zonal Offices. The funds were provided by the Ministry of Finance, Planning and Economic Development, however, we are requesting the UGX 2.1bn be made part of the Ministry budget, rather than requesting for a supplementary budget every year.

5. Suspension of construction of the Ministry Headquarters: The Committee demands that government
-

## **MPS:** Lands, Housing and Urban Development

---

should revisit its strategy of housing MDAs under a common area, especially where there are already on-going projects. The government should give its position on the matter and provide timelines on when and where these agencies shall be housed. This is more so because some MDAs supervised by the Committee indicated that they were in advanced stages of establishing their offices in different locations, despite this strategy.

Response:

The Ministry is still waiting for the Government policy on construction of MDA offices.

6. Absence of the Public Private Partnership (PPP) Law: The Committee recommends that the PPP Bill should be quickly passed into law. The Ministry should avoid entering into a PPP arrangement in the absence of the legal framework governing it. The Accounting officers should stick current policy and legal regime in the implementation of government projects of such nature

Response:

The Ministry has not entered into any PPP arrangement. It still awaits for the legal framework on PPP.

7. Land conflicts in the country: The Committee recommends that UWA should ensure that boundaries to all National Parks and protected wildlife areas are clearly demarcated and any conflicts with neighboring LGs urgently resolved. As an interim measure, the UWA should sign a memorandum of understanding with the districts in question to stop the harassments of subjects to resolution of the conflicts. The boundaries in districts where boundary disputes exist should immediately be resolved by the Ministry of Local Government in consultation with Ministry of Lands, Housing and Urban Development. Further, given the high number of land conflicts between districts the boundaries should be surveyed and demarcated prior to creation of any new districts in the future.

Response:

Government is in the process of securing resources to survey and demarcate all government land including National Parks. The Ministry is working with the Ministry of Local Government to address the issue of district boundary disputes and conflicts. The Ministry has also started the process of engaging district leaders to be able to resolve disputes and conflicts before they escalate.
