Message

The Minister, State Ministers of Lands, Housing and Urban Development and the Permanent Secretary, Wish to Congratulate all the Women of Uganda on this auspicious accession as we celebrate the International Women's Day.

Women's Empowerment in the Changing World of Work within the Lands, Housing and Urban Development Sector

The Ministry has embarked on a Pro-women implementation strategy in relation to land titling, provision of decent and affordable housing, and urban development initiatives, in order to contribute towards the promotion of women's empowerment and a harmonious environment for increasing women's productivity.

Women have previously been vulnerable to and suffered the negative and inhuman consequences of not adapting to the changing environment in the Sector;

A Land mark achievement was made by the NRM Government to protect and implement Women's Land Rights initiatives, as provided for under the 1995 Constitution, the National Land Policy and the Gender Implementation Strategy for the Sector.

Government has provided an opportunity for consolidating equal opportunities for women, in order to make a contribution to Prosperity for All.
